<b>1</b> Huh?	You can't kernelize this.	Unclear main idea; Confusing; unfocused	Obvious thoughts; everyone already agrees	Not many identifiable icons; lots of general words	Barely any punctuation; lots of mistakes; choppy sentences; hard to read aloud
<b>2</b> Ok...	You can almost kernelize this.	Kind of clear; some focus	Pretty obvious	Not much craft to find.	Some mistakes; you can read this aloud
<b>3</b> Ahh.	Kernelizes pretty easily	Clear, consistent point; very focused	Not completely boring	Some specifics; some choices.	Mostly correct; some sentence variety; easy to read aloud
<b>4</b> Oh yes.	Practically kernelizes itself at a glance, including transitions	Completely focused and moves; ideas connected in interesting ways	Thought-provoking or unusual perspective	Many specifics; icons; multiple colors; bookends; devices; powerful diction	Varied and sophisticated syntax; pitchforks; a pleasure to read aloud
