~~Onomatopoeia~~

~~Simile / Metaphor~~

* Answer the prompt

As I walked into the room, the recorder, the counter, I saw the recorder. I wondered if we were going to get out. I lying on the counter, those out.

My favorite thing about 4th grade is Mrs. B's music class.

As I walked into the room, I saw the recorders lying on the counter. I wondered if we were going to get to try those out. My favorite thing about 4th grade is Mrs. Braquet's music class.

In Mrs. Braquet's class, we get to learn about many instruments. We see the shiny gold horns and the colorful maracas. Speaking of maracas, did you know that different countries have their own musical instruments? There are also different types of instruments like brass and woodwinds. Mrs. Braquet is an amazing conductor of all those sound machines. She also plays beautiful tunes on them. The music sings into my ears, swirls around in my brain, and settles my fears.

I also like music class because those sounds make my feelings come to life. When I hear that ratta-tat-tat that Louis Armstrong plays, I want to get up and dance. In The Little Mermaid, my favorite movie, Ariel sings about all of her feelings. Mrs. Braquet told us that music is a way to show your true feelings. I really love how some songs make me feel.
