

① Have kids make these foldable booklets.

② Teach your star point (kids take notes on the left).

③ Kids write ~~the~~ their journals on the right side (using and proving the star points).

④ The teacher collects the booklets after 5-10 days to read  over, grade, put stickers in, etc. 😊

⑤ The teacher returns student journals and kids tape them in to their notebooks.

I can't believe the summer has ^{can not} passed me by. I had so many plans thwarted by a pitcher's wild toss. Due to a broken arm, we lost trips to Schlitterbahn, the coast and the pool. Tater missed out on golf camp and his opportunity to win the state championship with his team.
